OSLO NEWS+

75 mm

**LEXON®**

Design by Massimo Sironi &amp; Andrea Quaglio

<p><b>ENGLISH</b> <b>FRANÇAIS</b> <b>DEUTSCH</b> <b>ITALIANO</b> <b>NEDERLANDS</b> <b>RUSKIJ</b> <b>ESPÀÑOL</b></p> <table border="1"> <tbody> <tr> <td>FRONTAL VIEW</td><td>REAR VIEW</td></tr> <tr> <td>FRONT SIDE</td><td>REAR SIDE</td></tr> <tr> <td>FRONT BACK</td><td>REAR BACK</td></tr> </tbody> </table> <p><b>L117</b></p> <p><b>OSLO NEWS+</b></p> <p><b>75 mm</b></p>	FRONTAL VIEW	REAR VIEW	FRONT SIDE	REAR SIDE	FRONT BACK	REAR BACK	<p><b>FRONT</b> FRONT SIDE FRONT BACK  LEXON OSLO NEWS+ is a compact, portable speaker system featuring a built-in 75mm driver and a remote control dock for the LEXON NEWS+ (L117) portable news player. The system includes a power cord, a remote control, and a carrying case.  <b>POWER SOURCE</b> The LEXON OSLO NEWS+ can be powered by AC power or battery. It features a 3.5mm line-in port for external audio devices and a 3.5mm line-out port for connection to headphones or other speakers.  <b>CONTROLS</b> The front panel features a volume control, a bass control, a treble control, and a line-in port. The side panel features a power button, a line-in port, and a line-out port. The rear panel features a power input port and a power switch.  <b>DISPLAY</b> The LEXON NEWS+ (L117) portable news player is docked in the remote control dock, which is part of the LEXON OSLO NEWS+ system. It displays the current song title and artist information.  <b>SPEAKER</b> The LEXON OSLO NEWS+ features a built-in 75mm driver for high-quality sound reproduction.  <b>REMOTE CONTROL</b> The remote control allows you to control the LEXON NEWS+ (L117) portable news player, including play, pause, skip, and volume control. It also has a dedicated power button for the speaker system.  <b>PORTS</b> The LEXON OSLO NEWS+ has a 3.5mm line-in port for external audio devices and a 3.5mm line-out port for connection to headphones or other speakers.  <b>ACCESSORIES</b> The LEXON OSLO NEWS+ includes a power cord, a remote control, and a carrying case.  <b>DESIGN</b> The LEXON OSLO NEWS+ is a sleek, modern design with a minimalist aesthetic. The front panel features a large, clear display screen and a compact speaker driver. The side panels feature clean, straight lines and functional ports. The rear panel is simple and uncluttered.  <b>COMPLIANCE</b> The LEXON OSLO NEWS+ complies with all relevant safety and performance standards, including FCC, CE, and RoHS.</p>	<p><b>EUROPEAN UNION</b> <b>CE DIRECTIVE</b> CE Declaration that the device is in compliance with the essential requirements and other relevant provisions of the Directives 2004/108/EC. <a href="http://www.lexon-eu.com/declaration-ce-ovalenplus.pdf">https://www.lexon-eu.com/declaration-ce-ovalenplus.pdf</a></p> <p><b>LEXON</b> device ou ce appareil est conforme aux directives essentielles et aux autres dispositions pertinentes de la directive RE Directive 2014/35/EU. La déclaration de conformité complète est disponible sur : <a href="http://www.lexon-eu.com/declaration-ce-ovalenplus.pdf">https://www.lexon-eu.com/declaration-ce-ovalenplus.pdf</a></p> <p><b>DISPOSAL AND RECYCLING INFORMATION</b> After the implementation of the European Directive 2012/19/EU in the national legal system, the disposal of used electrical and electronic devices may vary depending on your country. To determine the correct method of disposal, please refer to the public recycling point set up for the purpose of waste electronic and electrical equipment. This symbol on the package indicates that a product is subject to these regulations. The instruction manual on the package indicates that a product is subject to these regulations. To protect our environment, it is important to contribute to protecting our environment.</p> <p><b>TÜRK</b> <b>POLSKI</b> <b>תַּרְקִי</b> <b>日本語</b></p> <p><b>RECTO</b></p>
